## Why Choose Sage?

For more than 30 years, Sage has delivered easy-to-use, scalable and customizable solutions to help small and mid-sized businesses achieve maximum productivity. With Sage products, your customers will have a complete view of all interactions so they can be more productive and make more insightful business decisions. We're passionate about making it easier for our customers to manage their unique business processes.

With a range of products and services for startups all the way through established businesses, Sage has a solution for your customer. In the following pages, we provide information about our leading small business products and services so you can help them choose the right Sage solution to meet their needs.

**Sage Peachtree** is for small businesses that are committed to getting the numbers right and making decisions that improve results. It is the accurate, easy-to-use accounting software that provides the insights and control small businesses need to help them get organized, so they can spend more time running their business.

See page 4 for more product information.

**Sage Timeslips** is an industry-leading time and billing solution that has been satisfying service firms for over 25 years. It is specifically designed to help professional service firms capture more billable time, better track expenses, and get critical information about their businesses so they can become more productive and profitable.

See page 15 for more product information.

## What's New for Sage Peachtree 2012?

**Sage Peachtree 2012** helps create positive customer connections with tools that empower small business owners and employees, simplified processes so they have more time in their day, and the right advice and insight to help their business thrive.

Here are just a few of the ways Sage Peachtree is helping small businesses exceed their customers' expectations:

### **Sage Advisor**

Personalized, in-product training helps Sage Peachtree users get the most out of their software investment through custom dashboards, engaging "show me how" videos, on-screen help and other business resources.

### **Sage Peachtree Business Intelligence<sup>1</sup>**

This robust reporting and analysis solution helps users make better business decisions based on their most up-to-date Sage Peachtree data. Get up and running quickly with built-in templates for sales, purchasing and financial reporting, all professionally formatted in Microsoft® Excel®, with no export or manipulation required. Customers get a 60-day free trial with their purchase of Sage Peachtree 2012.

### **Vendor Management Center**

Take more control over business costs with improved visibility into all the data for a specific vendor on one customizable dashboard. From monthly cost comparisons to delivery timelines to purchases and payments, find everything for a single vendor in one place.

# Sage Peachtree First Accounting 2012

## Ask your prospect these questions:

- *Are you a small service-based business with no employees to pay or inventory to track?*
- *Are you currently using a manual or paper-based system to do your accounting and want to automate your check writing and bill payments?*

Your business is just getting started. **Sage Peachtree First Accounting 2012** is an easy-to-use, basic accounting solution that helps you get organized, pay bills, and get paid. It provides tools to create invoices, record customer payments, write checks, track expenses, produce customer statements, and more.

## Additional features include:

- Easy start-up and online training
- Basic accounting with ledgers, registers, and financial statements
- Print checks, pay bills and track purchases
- Track and bill for services and labor
- Financial analysis and competitive benchmarking<sup>2</sup>
- Protect your data with module-level security
- Built-in personalized training with Sage Advisor
- Safeguard your data with Automatic Backup
- Create professional, customizable reports

**Target Market:** Designed for the owners of newly formed or small, service-based businesses who need to organize their financial information, but have little or no in-house accounting expertise. Easy-to-use screens and multiple Help options make it ideal for those who are automating financial records for the first time or converting from personal finance software.

# Sage Peachtree Pro Accounting 2012

## Ask your prospect these questions:

- *Do you need to manage your cash flow and budgets?*
- *Do you have basic inventory or job costing needs?*
- *Do you have employees to manage?*

You need tools to help you control cash flow and manage employees for your expanding business. **Sage Peachtree Pro Accounting 2012** provides easy-to-use accounting features that can automate invoices and checks, record customer payments, track sales and inventory, and more.

## All the features of Sage Peachtree First Accounting, plus:

- Basic inventory management
- Integrates with Microsoft® Excel® and Word<sup>3</sup>
- Create quotes,<sup>4</sup> sales orders, and purchase orders
- Budgeting and cash flow management
- Quickly check for common accounting errors
- Payroll solutions<sup>5</sup> to fit your business needs
- Maintain customer contact information and history
- Easy conversion from QuickBooks®<sup>6</sup>

**Target Market:** Designed for owners of service-based or product-oriented small businesses who have a basic understanding of accounting and want a solid small business accounting solution to help them keep up with the needs of their expanding business. User-friendly tools with multiple Help options make it well-suited to those moving from a manual system or personal finance software.

# Sage Peachtree Pro Accounting with Payroll 2012

## Ask your prospect these questions:

- *Do you have employees and want to process payroll in-house?*
- *Would you like to file and deposit federal and state payroll taxes electronically?*
- *Do you want to reduce the risk of costly errors in payroll tax calculations?*

You need tools to help you control cash flow and manage employees for your expanding business. **Sage Peachtree Pro Accounting with Payroll 2012** provides easy-to-use accounting features, plus tools to run your payroll<sup>7</sup> in-house, and help keep it on time and accurate, for one full year.

## All the features of Sage Peachtree Pro Accounting, plus:

- Print or direct deposit paychecks right from your PC
- Automatically calculate deductions, earnings, and taxes
- Retrieve maintained tax table calculations and forms
- Conveniently file forms and pay taxes electronically<sup>8</sup>
- Track and manage employee benefits

**Target Market:** Designed for small business people who prefer the control and flexibility of managing payroll and tax filings in-house, and also need the accuracy and security of a comprehensive accounting solution that uses real, double-entry accounting principles to help them keep up with the needs of their expanding business.

## Save \$245

off separate purchases of Sage Peachtree Pro Accounting 2012 and a one-year subscription of Sage Peachtree Select Payroll<sup>7</sup>!

# Sage Peachtree Complete Accounting 2012

## Ask your prospect these questions:

- *Do you have in-depth inventory needs?*
- *Would you like reporting and tracking on profitability for jobs or projects?*
- *Do you need to provide multiple people with access to your accounting software?*
- *Would you like to view an audit trail of transactions entered by your employees?*

You need ease and efficiency to keep your business growing.

**Sage Peachtree Complete Accounting 2012** can help you be more productive with robust core accounting and advanced features like in-depth inventory, simplified dashboards, and the automation of key tasks.

## All of the features found in Sage Peachtree Pro Accounting, plus:

- Manage cash flow, customer payments, and collections
- Track inventory, plan purchases, or expand service offerings
- Automate purchasing and shipping
- Manage jobs and projects
- Open multiple companies at once<sup>9</sup>
- Manage depreciation for up to 200 fixed assets<sup>10</sup>
- View all vendor or customer details in one place
- Limit fraud exposure with PCI-DSS compliance for credit cards<sup>11</sup>
- Build custom reports for budgeting, cash flow management, and benchmarking
- Multi-User edition with access for 5 licensed, named users<sup>12</sup> with screen-level security and a clear audit trail
- Support for Terminal Services<sup>13</sup>

**Target Market:** Designed for owners and managers of product-oriented or service-based small businesses who need robust core accounting functionality plus in-depth analysis. User-friendly tools, multiple Help options, advanced capabilities and a multi-user option<sup>12</sup> make it easy to upgrade existing accounting systems to meet the needs of growing businesses.

# Sage Peachtree Premium Accounting 2012

## Ask your prospect these questions:

- *Are you looking for strong, customizable reporting functionality?*
- *Do you have multiple companies and need to run consolidated financial statements?*
- *Would you like to create an unlimited number of budgets and analyze them for up to four years?*

You have strategic growth plans for your business. **Sage Peachtree Premium Accounting 2012** is an easy-to-use solution that helps manage your day-to-day accounting while providing tools to handle more comprehensive business management needs. Consolidate multi-company financials, meet complex inventory needs, compare multiple budgets, plus advanced analysis tools and more.

## All of the features found in Sage Peachtree Complete Accounting, plus:

- Focus on key business metrics with at-a-glance dashboards
- Create multiple budgets based on departments and cost centers
- Compare budgets across years and against actual results
- Help increase job profitability with change order processing
- Use serialized inventory to track warranty claims, recalls, and more
- Consolidate multiple companies for financial reporting
- Design and share insightful reports with custom reporting tools
- Industry-specific versions available

**Target Market:** Designed for the owners and managers of growing businesses who want a premium accounting solution to handle complex business management needs. Combines user-friendly tools with robust functionality and includes a multi-user option<sup>12</sup> for improved productivity.

# Sage Peachtree Industry Solutions

Sage Peachtree industry-specific solutions combine the powerful accounting and analysis tools found in Sage Peachtree Premium Accounting 2012 with reports and functionality specific to the accounting, construction, distribution, manufacturing, or nonprofits industries. All these solutions are available in a multi-user<sup>12</sup> edition for added productivity while maintaining user security and fraud protection.

	<b>Sage Peachtree Premium Accounting – Accountants' Edition 2012</b>	<ul style="list-style-type: none"> <li>• Set up, open and edit clients' Sage Peachtree 2012 files, except Sage Peachtree Quantum</li> <li>• Handle company consolidations, restore client files from backup, and review client entries via journal reports</li> </ul>

	<b>Sage Peachtree Premium Accounting for Manufacturing 2012</b>	<ul style="list-style-type: none"> <li>• Expanded assembly capabilities</li> <li>• Create and track work tickets</li> <li>• Enhanced BOM management</li> <li>• Buy/sell in different units</li> <li>• Manufacturing-specific operational reports</li> </ul>
	<b>Sage Peachtree Premium Accounting for Nonprofits 2012</b>	<ul style="list-style-type: none"> <li>• Track encumbrances, donors and grantors</li> <li>• Fundraising, donor and other letter templates</li> <li>• Member and pledges fees outstanding</li> <li>• Donor/grantor financial statements</li> <li>• Unified Chart of Accounts</li> </ul>

# Sage Peachtree Quantum 2012

## Ask your prospect these questions:

- *Do you need access for up to 40 users, plus the ease of role-based security setup options?*
- *Do you want to improve communications between employees and reduce costly mistakes?*
- *Would you like to set up customizable navigation for your employees?*
- *Are you looking for increased database capacity with faster performance?*

Your growing business has large data requirements and multi-user access needs. **Sage Peachtree Quantum 2012** is a top-of-the-line accounting solution that offers advanced security and automated workflows, while accommodating up to 40 licensed, named users<sup>14</sup>. Fast and flexible, Sage Peachtree Quantum works the way you do. It is the ultimate Sage Peachtree solution for business owners seeking to keep performance at its highest level.

## All of the features found in Sage Peachtree Premium Accounting, plus:

- Access for 5, 10, 15, 20, 30, or 40 licensed, named users<sup>14</sup>
- SmartPosting Technology for faster performance<sup>15</sup>
- Ability to handle large database requirements<sup>16</sup>
- Stay on top of your order process with automated workflows
- Manage your customers, inventory, and jobs with at-a-glance management centers
- Create customized dashboards to organize key, real-time information and access it easily
- Meet the needs of your business with industry-specific functionality
- Reduce errors and deter fraud with customizable security for individual users

Get access to customer support, product updates, and upgrades for 12 months from date of purchase<sup>17</sup>!

**Target Market:** Designed for businesses with up to 250 employees that have large data requirements<sup>16</sup> and need access for 5, 10, 15, 20, 30, or 40 licensed, named users<sup>14</sup>. Ideal for growing businesses that are pushing the limits of their current accounting solution, but aren't yet ready for a costly mid-sized product.

Get the details of customers and vendors all in one place within Sage ACT!. Sage ACT! Link for Peachtree is included with the purchase of any Sage Peachtree product.

For more information about these services and more, visit

**[www.Peachtree.com/Services](http://www.Peachtree.com/Services)**

## What's New for Sage Timeslips 2012?

Backed by a 25-year reputation of quality and excellence, **Sage Timeslips 2012** delivers a powerful set of over 20 new features focused on optimizing workflow, expanding billing capabilities, and improving document access.

Here's a closer look at the Top Five customer requested features now available in Sage Timeslips 2012:

### **Easily edit previous bills with a word processor**

Edit previous bills without changing the billing history by simply exporting past bills in rich text format for editing in a word processing application.

### **More closely control replacement slip content**

Summarize charges on bills by the start and end dates that are most appropriate—rather than relying on a default date. For example, choose to display summarized charges that span a month, with a date at the beginning or end of the month.

### **Better maintain and access PDF bill folders**

Select a predefined location—for example, an individual client folder on a network drive—to store PDF bills and statements on a client-by-client basis for easier retrieval and sending to clients.

### **Conserve paper by emailing bills without first printing them**

Submit bills via email to clients without first printing hard copies while retaining an image for reprinting and editing purposes.

### **Efficiently place multiple clients on billing holds**

Rather than opening individual client files, users can now use the client list to directly view and change the full billing hold status of each client.

[www.SageTimeslips.com/Products-and-Services/What-is-New](http://www.SageTimeslips.com/Products-and-Services/What-is-New)

# Sage Timeslips 2012

## Ask your prospect these questions:

- Are you a sole practitioner who needs to capture—or more accurately capture—billable time and expenses?
- Are you a small- to medium-sized service firm with multiple timekeepers on a single network?
- Are you looking for a time and billing solution that provides performance, stability, and data integrity throughout the billing cycle?

An industry-leading time and billing solution, **Sage Timeslips 2012** helps organizations efficiently manage the time and billing cycle. Easy to learn and use, Sage Timeslips captures time quickly and accurately for greater productivity and increased profitability. It integrates with popular accounting software, key practice management solutions, as well as Microsoft® Office<sup>3</sup>. Sage Timeslips reporting presents critical information to make better decisions, offers simple bill creation and seamless payment tracking, and improves billing access.

## Features include:

- Easy start-up, easy to use
- Smart time and expense entry
- Intuitive bill generation with a variety of billing arrangements including hourly, contingency, flat fee, percentage of completion, interim billing, progress billing, and more
- Enhanced mobility and productivity with convenient add-on solutions<sup>28</sup>
- Over 100 customizable reports and graphs

**Target Market:** Ideal for any business that bills for its time, including sole practitioners and small- to medium-sized service firms with multiple timekeepers on a network.

# Sage Connected Services for use with Sage Timeslips

Sage Timeslips users can work the way they want with integrated products and services designed to enhance productivity and mobility<sup>28</sup>.

## Web Data Entry<sup>29</sup>

In today's mobile world, more work is being done outside the four walls of a traditional office (not to mention traditional office hours), creating the need for web data entry. An online time- and expense-tracking solution, Sage Timeslips eCenter gives remote computer and mobile device users the ability to generate time and expense slips over the web. Unchained from their desktop, employees can capture time and expenses anywhere they have an Internet connection.

## Convenient Client Payment Options<sup>30</sup>

Give customers the convenience of paying with a credit or debit card. Process payments in Sage Timeslips with Sage Payment Solutions using the Sage Exchange integration to authorize credit cards, get an immediate approval or declined code, reprint receipts, and void transactions.

## Electronic Billing

Many clients may prefer—or even require—that they receive their bills in predefined electronic formats. Sage Timeslips Electronic Billing solutions easily transform Sage Timeslips-generated bills into a number of different industry-standard formats, including LEDES 98 and Legal Solutions Suite.

## Additional Capacity

Improve billing efficiency, accuracy, and timeliness by increasing direct access to Sage Timeslips. When licenses are added to a network, more employees can track time and billing, payment entry, reporting, and more.

For more information about these services and more visit [www.jcscomputer.com](http://www.jcscomputer.com)

# Disclosures

- 1 Additional fees required. After the sixty day free trial, the service is only available with Sage Peachtree Complete Accounting 2012 and higher products.
- 2 Internet access required. Additional fees, terms and conditions may apply.
- 3 Requires Microsoft Excel, Word or Outlook 2003, 2007, or 2010.
- 4 Requires Microsoft Word and Excel 2003, 2007, or 2010.
- 5 Features and fees vary by solution. Compliant tax forms and tax tables require a subscription. Additional fees apply. Registration, authorized signature, valid email address, Internet access, and credit card required. May be subject to approval. Forms, except W-2s, for PR and USVI are not supported. For details see [www.peachtreepayroll.com](http://www.peachtreepayroll.com) or call 877-231-3761.
- 6 Versions 2009-2011. Excludes conversion of QuickBooks individual payroll transactions. For additional information on conversion limitations, please visit [www.peachtree.com/qb](http://www.peachtree.com/qb).
- 7 Annual subscription includes the latest federal and state tax law changes and over 260 federal and state forms. Year end payroll tax forms (such as W-2s and 1099s) are updated at the end of the calendar year. Forms manually filed where electronic filing is unavailable. One employer identification number ("EIN") per subscription (if you have more than one EIN, please call 877-231-3761). Registration, authorized signature, Internet access, and valid email address required. W-2 form delivery to employees requires additional fees. Additional fees may apply for late filing. Subject to third party terms and conditions. Forms, except W-2s, for PR and US VI are not supported.
- 8 Includes over 260 federal and state forms. Requires subscription to Sage Peachtree Simple Payroll or Sage Peachtree Select Payroll. Not intended for use with dot matrix printers. Forms, except W-2s, for PR and USVI are not supported.
- 9 When opening more than one company performance is not impacted; however, you will experience reduced product functionality in those companies opened after the first one.
- 10 Regulatory compliance requires paid subscription. Additional fees apply for more than 200 assets.
- 11 Includes Sage Exchange, which is certified to the Payment Card Industry Data Security Standards (PCI-DSS). Requires Internet access.
- 12 You must purchase one single-user box per named user or one Multi-user Edition for up to five licensed named users. See System Requirements. For greater than 5 licensed named users visit [www.peachtreequantum.com](http://www.peachtreequantum.com)
- 13 Windows 2003 or 2008 Server along with Remote Desktop Connection or Remote Desktop Web Connection client is required to run in a Windows Terminal Services environment. Terminal Server requires additional memory when more than one user is running under Windows Terminal Services. An additional 21 MB of RAM is recommended for each additional user.
- 14 Multi User licenses available in packs of 5, 10, 15, 20, 30 or 40. A maximum of 40 licensed, named users is allowed. Only the first 40 named users selected in the user maintenance screen are considered licensed, named users.
- 15 Performance results are based on recommended system requirements for Sage Peachtree Premium Accounting 2012. Results may vary based on configuration, size and content of data file, system and network traffic. For information on testing environment refer to [www.peachtree.com/test2012](http://www.peachtree.com/test2012).
- 16 Sage Peachtree does not impose a hard limit on database capacity, however, individual performance will vary depending on actual number of transactions, database size, and number of concurrent users. Data management efficiencies are also realized in the Sage Peachtree 2012 products.
- 17 To ensure continuous service, your Sage Business Care plan is an automatically renewing plan and subsequent years will be automatically billed to the same credit card each year on the anniversary date of your purchase at the then current rate after notifying you 30 days in advance of your anniversary date. Renewal is not required for continuous access to product updates for supported versions. You may terminate the plan with at least seven calendar days notice prior to your renewal date and not be charged for the renewal. Upon initial enrollment, first-time Sage Peachtree customers may cancel their Sage Business Care plan within 30 days of purchase for a full refund of the purchase price, less any rebates received.
- 18 Requires Microsoft Outlook 2003, 2007, or 2010; Outlook Express 5 or 6; other MAPI compliant email programs.
